What is college?

It is many things to many people.

College is books and professors, classrooms and labs, quizzes and exams, concerts and lectures, art exhibits and athletic events, dramas and recitals, intramurals and clubs, parties and dances, dates and bull sessions.

College is all these — and more! College is the most exciting and, at the same time, the most frustrating experience of life. It is the most inspiring and, at the same time, the most disturbing experience. It is the most challenging, yet the most provocative.

It is a time of thrilling and agonizing growing — intellectual, spiritual, cultural, social. Sometimes we enjoy it. Sometimes we rebel. Sometimes we get caught up in it magnificently. Sometimes we resist it stubbornly.

But one thing is certain: College never leaves us the same.

How fortunate we are that The Oaks depicts and preserves for us so many of the experiences of 1964-1965! And through the years as we turn these pages we shall reminisce and perhaps understand more clearly some of the remarkable things that have happened to us during our Louisburg days. At least, this is our strong and fervent hope.

Memorials and Gifts

Friends of the College who are interested in helping to build the library—in establishing a memorial or in giving in their own names—will find that most needs of the proposed building fund derivatives well in this program. Plaque will mark donated sections, listing the names of the donors and those honored or memorialized. Cost of the general areas range from \$1,000 to \$40,000. A gift to the College library makes you a participant in our distinguished effort to raise our academic and intellectual standards. The Library Building Committee suggests the gifts and memorials listed to the right.

COMMENCEMENT

A college yearbook can be a school's best means of advertising. However, the primary purpose of any yearbook is to present the school and the events which take place in it. The 1965 OAK Staff has tried to design an annual which portrays Louisburg College as it actually is, not necessarily as we would like it to be. And, at the same time, we have tried to put together a yearbook which will be popular with both the students and the faculty. I feel that we have met our goals.

I regret that some events taking place in the latter part of the year are not covered by the OAK. In order to have the yearbooks returned to us before exams, our final deadline is of necessity very early. But, as I look over the layout of the 1965 OAK, both happy and sad experiences are brought to mind. We have experienced unforgettable times of fun and happiness. But, we have also endured many difficult and trying ordeals. Fortunately, the brighter experiences outweigh the darker.

I am sure that some things in this yearbook will be criticized, and, I hope many things will be complimented. Contrary to what one may believe, there is a definite reason for every picture in the 1965 OAK.

To the following people, I express my appreciation.

- ... the entire staff, without whose help this yearbook would not exist.
- ... Todd Kermon, the photography editor, for all the late hours in the dark room.
- ... Mr. Wagner, the faculty advisor, for his unusual but interesting ideas and his help with all my problems.
- ... Mr. J.B. Edwards, Hunter Publishing Company Representative, for the special attention he has given the OAK and his patience with us.
- ... the May Queen and her court for their co-operation and bravery in having their pictures taken.

and many more that I'm sure I'm forgetting. It is finally finished and it is certainly a relief.
